Days, nights, 24/7, short notice

Professional summary

RMN with eight years post registration experience across acute mental health, PICU and children's and adolescent services. Skilled in supporting young people with self harm, ligature and ingestion risk, emotional dysregulation and complex trauma, using de escalation and a calm, relational approach. Recent placements include 24/7 RMN oversight in an Ofsted registered children's home.

Works alongside a home's own team under the registered manager's direction, applying only measures that are lawfully authorised. Trained in restrictive physical intervention where required.

Regulation 32 & Schedule 2 compliant. This profile evidences each fitness of workers requirement under Regulation 32 of the Children's Homes (England) Regulations 2015 and Schedule 2. The full documentary pack is provided with the clinician for the home's records.

Fitness of workers evidence — Schedule 2

Proof of identity (with photograph)	HELD	Verified from original documents
Enhanced DBS with children's barred list check	HELD	Enhanced, issued 04/2026, on the DBS Update Service

Reason previous relevant employment ended	HELD	Verified so far as reasonably practicable
Evidence of relevant qualifications	HELD	Documentary evidence obtained
Physical & mental fitness for the role	HELD	Occupational health / fitness declaration completed

Qualifications

- BSc (Hons) Mental Health Nursing, 2018, NMC registered
- Post registration training in adolescent mental health
- Restrictive physical intervention (where deployed)

Mandatory training

- Safeguarding children (to the required level)
- Basic life support
- Medicines management, moving & handling, infection control
- Ligature awareness and risk management

Relevant experience

- Supporting children and young people in registered children's homes and complex placements
- Managing acute self harm risk, including ligature and ingestion, through vigilance and proactive engagement
- De escalation and clinical support during periods of dysregulation
- Working within Deprivation of Liberty and other authorisations, applying only what is lawfully authorised

Illustrative sample only. "Nadia Kowalski" is a fictional example, not a real or available worker, shown to demonstrate the format and the Regulation 32 / Schedule 2 compliance evidence Day Webster holds and supplies for every clinician. A profile for a specific, real clinician is issued on booking, with the supporting documents provided for the home's records. Personal data shared is limited to what the placing home legitimately requires; full personal details are held securely by Day Webster and disclosed only as necessary and lawful.
